## PROFILE

I am an experienced BI Technical Lead and full stack BI developer with extensive experience from multiple global implementations since 2006. My experience has been gained as both internal and external consultant and working closely with all levels in an organization. I have worked for 3 years in the US as a BI architect and gained experience architecting Data Warehouses for companies with +100k employees and +85bn USD revenue.

I can do hands-on development work on complex scenarios as well as on strategic and thought leadership level. Areas of expertise include BW/4HANA, BW on HANA, HANA native, SAP BI (BOBJ) and SAP Analytics Cloud. I also have a keen interest in the latest technologies and have extended my capabilities with Machine Learning modeling and Data Engineering.

## TECHNOLOGY SUMMARY

SAP areas:	HANA (certified), BW (certified), BO, SAC
Reporting appl. areas:	FI, CO, LO, MM, SD, PP, QM, APO, CRM (SFDC)
Front-ends/BO suite:	SAC, BEx, WebI, AfO, IDT, Lumira, Tableau, Power BI
